#### Register now!

#### You are invited!

Join us for the first Angel Aligner Masterclass in Greece — a full-day educational experience celebrating Angel's official launch and showcasing the power of predictable biomechanics combined with real clinical case demonstrations.

This exclusive event blends theory + clinical reality, advanced protocols, and practical strategies you can apply immediately in your orthodontic workflow.

And to top it all off — we will finish the day with the Angel Aligner Opa! Celebration.

Stay for drinks, food, and great networking!
